

NWABUODAFI EMMANUEL CHUKWUEMEKA

Front End Web Developer

Phone Number: +2348104038050

Email: Nwabuodafiemmanuel@gmail.com

PROFILE

I am a detailed oriented and result-driven web developer proficient and skilled in the use of several web development technologies such as HTML, CSS, CSS frameworks/Libraries such as Twitter Bootstrap, Materialize and Foundation, SASS, Vanilla Javascript, React js, Experience working with APIs, Git/Github, Node js, Python and PHP Basics among others.

As a certified Geological Science Graduate with a Second class upper division degree(2.1) at Nnamdi Azikiwe university, Awka, I am skilled in carrying out geological surveys and the use of geological softwares such as Petrel and other computer packages such as MS word, MS power-point. Having served in various leadership positions where I won awards and taken internship positions at great companies, I have been able to develop great communication, leadership and team management skills which I look forward to apply with my creative problem-solving skills at an innovative company.

WEB DEVELOPMENT

- Hotels.ng (HNGi7) intern 2020 among others – A Fast paced and result-oriented internship where I was mentored by industry greats like Mark Essien and tasked with pixel perfect implementation of designs (UI/UX) with the best suited technologies and best practices in a work based atmosphere and strictness.
